Winter 2016

From the President's Desk

Winter is upon us, and with it comes our 20th year in business! It's hard to believe that we've made it this far, as it only seems like yesterday that we started Select Telecom. We went into business with only four

employees, and as we've grown to 20+, we've seen many of our employees' families grow, children go off to college and get married, and we've even been blessed with a few grandchildren, including my own grandson who just turned one in October! Thanks to our loyal customers and employees, we're still going strong two decades later and looking forward to many more blessings to come!

This many years in business almost inevitably brings changes, but I'm happy to announce that though we are moving in a few months, we've decided to stay in Westchester County at a new office space which is currently under renovation at 333 Westchester Avenue in White Plains. After 10 years in our current space (under the very responsive and accommodating Jim Diamond and Mark Blandford at Diamond Properties), we are excited to upgrade to a new suite with lots of great amenities that you can read all about in our Spotlight article below.

In addition to our big anniversary, there are also many developments coming on the technology side for us in 2016 with the new ShoreTel Connect and NEC Release 4 both rolling out. We invite you to check out the latest and greatest at one of our free Lunch

Select Telecom

Select Telecom, Inc. | 115 Wall Street
Valhalla, NY 10595 (914) 761-1313

Quick Tip:

Don't Let Old Man Winter Slow You Down

Blizzard season is upon us, and with the snow comes... snow days! But never fear – with the latest telecommunications technology you don't have to let dangerous road conditions impede your productivity this winter.

Select Telecom can equip your employees with state-of-the-art remote work tools including home-based IP phones, call forwarding, find me follow me, instant messaging, video conferencing and more!

Many of these features may already be compatible with your current system, and if not, we can help design a custom solution tailored to the needs of your business.

You can reach us anytime to discuss what options might work best for your company: 914-761-1313, or sales@select-tele.com.

Thank you for giving all of us at Select Telecom the opportunity to serve you as one of our loyal customers!

Spotlight: Celebrating 20 Years in Business with an Upgraded Office Suite

With 2015 having come to a close, Select Telecom is proud to announce that the company has completed its 20th year in operation, and will be celebrating with a move this spring to an upgraded office suite at 333 Westchester Avenue in White Plains.

With a 10-year lease in Valhalla up in 2015, Select Telecom evaluated several potential locations in New York and Connecticut and is excited to announce that the company has decided to stay in Westchester County, securing a 5,900 square-foot suite in the former General Foods building at 333 Westchester Avenue.

Select Telecom selected this complex for its centralized location providing easy highway access to customers across the Tri-State Area, and is eager to tap the strong pool of highly educated candidates in the local area for future hiring. Employees are also enthusiastic about upgraded amenities such as an on-site gym and cafeteria, large meeting rooms, and shuttle to the White Plains train station.

Construction of the modern new office suite is currently underway and a move is planned for spring of this year. Select Telecom looks forward to continuing the company's long legacy of growth and loyal service to customers from this new location for many years to come.
