# ShoreTel IP Phones For ShoreTel Sky

ShoreTel IP Phones are an important part of the ShoreTel Sky hosted phone service. ShoreTel offers a comprehensive, end-to-end cloud solution, including our own phones, the unified communications applications running in our data centers, and our world-class service and support.

Because we design and build our complete solution, customers are always assured a unified user experience. ShoreTel IP Phones offer customers software compatibility assurance and superior investment protection. You can deploy them with confidence, knowing they will always be functionally integrated with ShoreTel cloud applications and easily supported by our service organization in the future.

## About ShoreTel

ShoreTel is a provider of business communication solutions whose brilliantly simple unified communications platforms, applications and mobile UC solutions promise a new rhythm of workforce engagement and collaboration. With costly complexity eliminated by design from its award winning, all-in-one IP phone system, UC and contact center solution, and its industry leading hosted business phone system, workers enjoy a freedom and self-reliance that other providers can't match. Users have full control to engage and collaborate, no matter the time, place or device, for the lowest cost and demand on IT resources in the industry. ShoreTel is headquartered in Sunnyvale, California, and has regional offices and partners worldwide.
